

Foundational Quality Breakdown

The baseline requirement: Does the world hold together?

TOTAL WEIGHT

20 Pts

⚠ CRITICAL: Failure in foundational quality automatically caps the overall project score at 40.

Consistency
OBJECT PERMANENCE

7 Pts

✓ PASS CRITERIA

✓ **Object Permanence**
Props retain color, material, and form across cuts.

✓ **World Persistence**
Broken objects stay broken; environmental changes endure.

✗ FAIL CRITERIA

✗ **Morphing Objects**
Objects change shape/style randomly between frames.

✗ **World Reset**
Scene resets to initial state unintentionally.

Fidelity
VISUAL REALISM

7 Pts

✓ PASS CRITERIA

✓ **Natural Skin Texture**
Pores, subsurface scattering, and imperfections visible.

✓ **Film Look**
Balanced grain, contrast, and depth (not overly sharp).

✓ **Material Reality**
Cloth moves like cloth, metal reflects like metal.

✗ FAIL CRITERIA

✗ **"Digital Gloss"**
Waxy plastic skin or unnatural sheen.

✗ **Plastic Penalty**
Automatic -10 penalty for noticeable plastic look.

Physics
MOTION LOGIC

6 Pts

✓ PASS CRITERIA

✓ **Physical Laws**
Gravity, inertia, and momentum observed correctly.

✓ **Spatial Logic**
Characters inhabit 3D space correctly without intersections.

✗ FAIL CRITERIA

✗ **Clipping**
Characters or objects passing through solid matter.

✗ **Glitches**
Floating limbs, jittery motion, or physics breaks.

Strict pass/fail criteria are enforced by our automated QA agents before human review.

Narrative Quality Breakdown

Detailed scoring criteria for the 20-point storytelling layer

TOTAL WEIGHT

20 Pts

 Conflict/Stakes

4 Pts

✓ PASS

Clear objective or tension; audience understands risks.

✗ FAIL

Events occur without motivation or consequence.

 Character Arc

4 Pts

✓ PASS

Visible emotional or situational change in character.

✗ FAIL

Character remains static or resets each scene.

 Storyline Logic

4 Pts

✓ PASS

Cause-and-effect progression; actions lead to outcomes.

✗ FAIL

Random, disconnected, or inexplicable events.

 Hook Density

4 Pts

✓ PASS

First 2 seconds grab attention; editing rhythm matches emotional intent.

✗ FAIL

Slow start, flat middle, or mismatched pacing.

 Dialogue

4 Pts

✓ PASS

Audible, distinct, story-driving dialogue.

✗ FAIL

Missing, muffled, or incoherent speech.

⚠ Caps Narrative Score at 8/20

Cinematic Grammar Breakdown

Detailed scoring criteria for the 30-point differentiator layer

TOTAL WEIGHT

30 Pts

Composition
FRAMING & LIGHTING

10 Pts

✓ PASS CRITERIA

✓ Intentional Framing

Use of negative space, short siding, rule of thirds.

✓ Cinematic Lighting

Chiaroscuro, volumetric effects, distinct depth separation.

✓ Style Consistency

Matches defined project style guide perfectly.

✗ FAIL CRITERIA

✗ Flat Lighting

Uniform, shadowless TV-style lighting.

✗ Stock Framing

Center-punched, unimaginative stock photo framing.

Dynamics
CAMERA MOVEMENT

10 Pts

✓ PASS CRITERIA

✓ Purposeful Movement

Tracking, dolly, or push-in matched to emotional beat.

✓ Stable Execution

Tripod feel, steadicam glide, no unintentional jitter.

✓ Variety

Mix of static, handheld, and smooth motion shots.

✗ FAIL CRITERIA

✗ "Floating Camera"

Aimless drift with no subject focus.

✗ Warping

Background warping or "jello effect" during movement.

✗ Static Error

Static shot when specific motion was requested.

Editing
PACING & RHYTHM

10 Pts

✓ PASS CRITERIA

✓ Emotional Duration

Shot length enhances the specific feeling intended.

✓ Rhythmic Intent

Cutting pattern matches dialogue beats and action.

✓ Spatial Clarity

Relationships between characters clear between cuts.

✗ FAIL CRITERIA

✗ Erratic Pacing

Cuts are too fast or too slow for the context.

✗ Disorientation

Cuts disrupt spatial comprehension of the scene.

COMBINED WEIGHT

30 Pts

Acting
PERFORMANCE

10 Pts

✓ PASS CRITERIA

✓ Accurate Lip Sync

Movements match phonetically.

✓ Expressive Eyes

Gaze matches emotion.

✓ Subtextual Body Language

Posture conveys hidden meaning.

✗ FAIL CRITERIA

✗ Dubbed-movie Mouth

Unsynchronized mouth movement.

✗ Dead Gaze

Glassy, unfocused, or zombie-like eyes.

✗ Robotic Gestures

Stiff, repetitive looping movements.

IP Extensibility
FRANCHISE VALUE

10 Pts

✓ PASS CRITERIA

✓ Franchise Potential

Characters support sequels/spin-offs.

✓ Reusable Frameworks

Narrative engine can generate episodes.

✓ Expandable Lore

World rules allow for scale.

✗ FAIL CRITERIA

✗ One-off Visual Gag

Single joke with no sustainability.

✗ Disposable Premise

Shallow concept with no depth.

✗ Flat Characters

No character development potential.

Artistic Mastery
SOUL & NUANCE

10 Pts

✓ PASS CRITERIA

✓ Subtext & Theme

Meaning beyond literal visuals.

✓ Atmosphere

Evokes visceral emotion (dread, wonder).

✓ Visual Metaphor

Lighting/framing conveys inner state.

✗ FAIL CRITERIA

✗ Literal Prompting

Exact execution with no creative interpretation.

✗ Empty Technique

Technically correct but emotionally hollow.

✗ Surface Level

No deeper meaning or subtext.
